

## Grant Proposal for Django Girls workshop in **Minna**

### **Grant Proposal:**

*In the city of Minna, Nigeria, we're going to organize a one-day intensive workshop and invite girls and youth from all over Minna and Nigeria to join us and learn how to build the internet using HTML, CSS, Python and Django. Date – 20<sup>th</sup> April, 2024. There will also be a pre-installation part a day before the event.*

### **Grant objective:**

*We're looking for kind souls and organizations that are supporting the goal of bringing more women and youths into technology to help us. We have contacted some organizations and have currently received a free venue donation from an organization while we await responses from others. We also have volunteer coaches who are willing to make the event a success.*

### **Grant size:**

*The event targets 35 girls and youths. We need 875 USD as support and would be offering the PSF's logo on our website, the company's poster at the workshop and announcing this sponsorship via our social networks.*

### **Brief budget of your event:**

Item	Unit cost (in USD)	Quantity	Total cost (in USD)
Meals (pre-installation party and workshop)	15 USD	45 participants and coaches	675 USD
Publicity (Ads and banners)	50 USD	-	50 USD
Internet	50 USD	-	50 USD
